ENGINE CONTROL & FUEL SYSTEMS MIDDLE EAST REGION

- Oxygen Sensors
- Throttle Position Sensors
- Temperature Sensors
- Idle Air Control Motors
- MAP Sensors
- Camshaft / Crankshaft Position Sensors
- Mass Air Flow Sensors
- Pressure Regulators / Fuel Injectors
- Carburetor & Fuel Injector Kits and Components
- EVP Sensors / EGR Valves
- Transmission Switch Manifolds

OE Fit, Form & Function

ISO 9001 IATF 16949

YOUR FIRST CHOICE IN QUALITY PRODUCTS

About Us

Walker Products began supplying the fuel system needs of the automotive industry in 1946. Today Walker is one of the largest privately owned manufacturers of fuel system components and engine management devices.

We serve major Original Equipment Manufacturers, Co-manufacturers, Rebuilders, and Retail customers in the fuel, engine management and exhaust markets worldwide.

Walker Products' offerings include Carburetor and Fuel Injection repair kits, Oxygen sensors, Exhaust Gas Temperature sensors and other engine management products such as Cam & Crank position sensors, Knock sensors, Throttle Position sensors, Mass Air Flow sensors, Manifold Absolute Pressure sensors, Engine Coolant Temperature sensors, Fuel Injectors, Fuel Pressure Regulators and much more.

We are committed to supplying products manufactured to meet or exceed OEM standards and specifications. This effort is backed by our own manufacturing, product management and engineering staff to ensure it is maintained and accurate in the production of quality parts, vehicle applications, instruction sheets and technical support.

Oxygen Sensor Socket

Standard Oxygen Sensors
6 Point With 25/32" Wire Opening

#823

Fits 7/8" or 22mm
3/8" Drive

Oxygen Sensor Wrench

12 & 6 Point

#829

Includes a 12 point and 6 point socket giving the technician the ultimate tool to remove oxygen sensors in confined areas.

The 12 point side enables the technician twice the number of clock angle attachment positions. This gives the technician the maximum accessability to remove oxygen sensors in difficult areas.

The 6 point side provides the technician the maximum holding power for oxygen sensors that are corroded in place.

The new beefy design is 25% stronger.

Fits with all configurations of oxygen sensor wire/connectors.

Oxygen Sensor Wrench

12 & 6 Point 2 1/8" Offset

#830

Includes a 12 point and 6 point socket giving the technician the ultimate tool to remove oxygen sensors in confined areas.

The 12 point side enables the technician twice the number of clock angle attachment positions. This gives the technician the maximum accessability to remove oxygen sensors in difficult areas.

The 6 point side provides the technician the maximum holding power for oxygen sensors that are corroded in place.

The new beefy design is 25% stronger.

Fits with all configurations of oxygen sensor wire/connectors.

Designed with additional offset enabling use on LTI Gen II 5.7L HO MPFI V-8 found in the 1992 and later Chevrolet Corvette, 1993 and later Camaro and 1993 and later Pontiac Firebird / Trans Am also 1989 and later Corvette ZR1 with the LT5 5.7L DOHC SFI V-8

Oxygen Sensor Wrench

Shielded Applications

#831

This unique tool has been designed to R&R shielded oxygen sensors currently found on Toyota and Lexus vehicles.

The depth and outer diameter of the socket are critical features enabling it to fit in the limited space of the heat shield.

This tool features a 12 point double hex enabling the technician twice the number of clock angle attachment positions versus a 6 point design. For maximum strength this tool is forged chromolly steel and comes in a black finish.

Oxygen Sensor Wrench

Standard Oxygen Sensors

#834

Fits 7/8" or 22mm
2" Overall Depth

Oxygen Sensor Wrench

6 Point With a 3/8" Drive
1.2" Overall Depth

#835

The 6 point side provides the technician the maximum holding power for oxygen sensors that are corroded in place.

Fits with all configurations of oxygen sensor wire connectors.

Oxygen Sensor Socket

Standard Oxygen Sensors
6 Point With 9/32" Wire Opening

#836

Fits 7/8" or 22mm
3/8" Drive

Oxygen Sensor Chaser

#837

M18x1.5 Thread Chaser
3/8" Drive
